# Delivery Notes

Before, after and during **build**.

---

**Delivery** includes the source code fully viewable (PHP, CSS, JS, HTML) without any encryption with explanation comments. Apache debugging mode must be "debug" and after full testing it shouldn't show any errors or notices.

**Delivery** includes full hosting details (Domain, Server) and they must be registered with the customer details (Name, Phone, Email) and includes one year support against bugs and security.

**Delivery** includes coding the script from scratch. We won't accept modifying to any already published free or paid script. And the customer must declare the framework (if you used) before starting coding.

**Delivery** will be within 2-5 weeks.

# OUR PORTFOLIO
